Community church: Sabbath School 10:15 a. m.; morning worship, 11:15; Christian Endeavor will be the evening service.

A fire broke out in the rear of Arch Duncan's pool hall Wednesday evening of last week. There was a leakage in the gasoline tank and the striking of a match in the rear room was followed by an explosion. It would indeed have been a very serious affair for the town but for the timely help of the fire extinguishers from Watts and Price store and depot. This isn't an advertisement but it behooves every house to own a fire extinguisher as long as our water supply is limited. The loss was covered by insurance.

Miss Martin has again resumed her work, after three week's absence, owing to the illness of her mother.

YANKTON

The Rev. Higbee of Houlton will preach here Sunday.

Rumor has it that a new sawmill is to be located in Happy Hollow in the near future.

Pearly Brown was an Easter visitor amongst his people of this neighborhood.

Miss Ora Hyde left this noted land of stumps for a more genial clime in far away Arizona.

Easter Sunday was observed by a large and appreciative audience at the church. Sunday School was interesting, the program entertaining and appropriate, followed by a soul stirring sermon by the Rev. Pamlee based on Christ's words to Mary: "Woman, why weepst thou?" A move was launched at the close of Sunday School to have a memorial service, conducted by a former pastor Rev. Smith, May 30th.

The following guests were present: Mrs. Roland Masten and daughter Lois, Mrs. Guy Lillich and daughter Minnie, Mrs. P. C. Jacobsen, Bessie Jacobsen and Mr. and Mrs. Frank Nagel.

WARREN

A person is mentioned prominently three times in their lives: when born, married and dead. The second episode of Harold Carlson and Mary Dahlgren occurred Sunday eve at the Swedish church here when they were united in marriage by Rev. Nystrom.

Just after the services, Harold is the son of Mr. and Mrs. P. A. Carlson, respected residents of Warren and Miss Dahlgren is the pleasing and prominent daughter of Mr. and Mrs. C. O. Dahlgren, one of the most prominent families of this section.

She was a teacher of the schools here for four years and was universally liked. Harold has been in the service of Uncle Sam as a rural carrier and took part in the Siberian expedition for over a year. They moved into the new home built by Harold since his return. The young couple have the best wishes from every one in Warren.

Miss Hattie and Miss Inez Grewell of Portland spent Easter Sunday with their parents, Mr. and Mrs. T. E. Grewell.

Several vacancies will occur in the Warren schools. It is understood Miss Costello will remain but Principal Sten, Mrs. Haxton and Miss Lynch will seek other places.

Paul C. Adams has decided to enter the raising of thoroughbred hogs and has purchased some purebred Hampshire hogs. Paul is rapidly forging ahead as a farmer and is making a success of the undertaking.

The Misses Signe and Agnes Kalberg spent Sunday at home.

Mr. Emil Nyberg came up from Knappa and is spending several days at the home of his sister, Mrs. E. Ostrom.

WAREHOUSE ASS'N
ELECTS OFFICERS

The Warren Co-Operative Warehouse Association held their annual meeting and election of officers Saturday, March 27. Complete reports of assets and liabilities showed that the enterprise is going to fulfill the hopes and expectations of those who are backing the proposition with their money and their time and best efforts.

From a small beginning, the warehouse has grown beyond all expectations, transacting in the month of February a nine thousand dollar business with March running even better. One of the important things done at the meeting was the amending of the by-laws so as to make consumers, but not merchants, eligible to membership, and all benefits of the association.

The following directors and officers were elected: A. H. Tarbell, president; Lou Snyder, vice-president; A. J. Hollingsworth, secretary; Henry Wist, an Joh Farr, directors.

Sunflower Silage Good.

Sunflower silage is a close competitor with corn silage in eastern Oregon, says J. S. Jones, chemist of the O. A. C. experiment station. He has prepared a table showing iron analyses made at the station the content in percentages of the elements of the two in dry matter: the corn has more acids, less ash, less crude proteins, less ether extract, less crude fiber, and more nitrogen-free extract.

The New Comfort
Talking Machine

A HIGH CLASS, FIRST QUALITY MACHINE AT A POPULAR PRICE.

We Believe This Machine Is Not Excelled By Any Machine On The Market, No Matter What May Be The Price

The NEW COMFORT TALKING MACHINE reproduces any make of disc record exactly as well as the best standard talking machine or phonograph on the market. Without change of equipment, but simply by turning the sound box slightly for the vertical and lateral cut records, one can play Victor, Columbia, Edison, Pathe, and all other kinds of disc records. This machine gives one wider range of reproduction than is possible with machines sold at a much higher price.

The Reproducing Features of the New Comfort Talking Machine are unexcelled. It ranks foremost among the world's greatest inventions, performing, as it does, the living reproduction of the human voice, and of any collection of sounds. The New Comfort renders the soft vibrations of the violin, the sweet tones of the clarinet, and the melody of the orchestra.

The tone modifier makes it easily adapted to any purpose. You can play it in your home at any time of day or night without disturbing your neighbors and without losing any of the quality of the music. You can modify the tone so that it can be heard distinctly in any part of a large hall. This modifier is operated from the outside while the machine is playing.

The New Comfort Talking Machine is as good as any machine made and is a great deal better than all machines which fail to come up to the standard. Wherever it has been installed it has been universally endorsed and approved.

"Sowing" Dollars
for a Thrift Crop

SOWING the seed is only one step in the production of a crop. If the harvest is to be abundant, favorable conditions must be maintained. To the business man, this means favorable credit conditions.

The Federal Reserve System is the great stabilizer of commercial credit conditions today. It insures an ample supply of such credit at all times.
